# Task 3.4 Monitoring of social impacts (CRES, INIA and NAGREF)

- The aim of this task is to evaluate the social impacts in terms of the parameters that will be set, addressing issues like:

*The value creation from non-food uses of crops, rural income generated, rural infrastructure/resource development, rural economic development, diversification of rural enterprises and investments in non-food uses of crops, rural employment generation, and social acceptability.*

## Task 3.4 Monitoring of social impacts (CRES, INIA and NAGREF)

- The work will start in month 4 and will finalize in month 21
- Milestone: Identification of social impacts (months 12 and 18)
- This task will be leaded by CRES
- Deliverable: “Social impact of non-food cropping systems” that have to be delivered in month 21
