

Current Potential for biomass CHP in Europe
February 26th 2003

9:00	Registration
<i>Biomass fuelled cogeneration in Europe</i>	
10:00	BIOCOGEN project- Biomass CHP in Europe <i>Calliope Panoutsou, CRES</i>
10:20	Survey of Biomass CHP plants in Europe <i>Ioanna Papamichael- CRES</i>
10:40	The current situation of CHP plants with solid biomass in Europe <i>Hannes Schwaiger (JOANNEUM RESEARCH, Austria)</i>
11:00	Analysis of the market for biomass cogeneration <i>Andrew Lamb- CRES</i>
11:20	Discussion
11:30	Coffee Break
<i>Biomass fuelled cogeneration in Greece</i>	
12:00	Energy exploitation of RDF <i>Evangelos Kapetanios</i>
12:20	Biogas exploitation for energy purposes <i>Markus Lechphlaler (Jenbacher)- Athanasios Blatsoukas (Copelouzos Group)</i>
12:40	Bioenergy projects of TOMI <i>Ioannis Bookis, TOMI</i>
13:00	Constitutional possibilities for the foundation of bioelectricity by Greek municipalities <i>Stelios Logothetis- Consultant</i>
13:20	Energy exploitation of citrus processing residues <i>Thomas GHIOCAS</i>
13:40	Discussion
14:00	Light Lunch
<i>National biomass cogeneration developments</i>	
15:30	Biomass CHP – success stories <i>(Finland) – VTT</i>
15:45	Biomass CHP plants – success stories <i>Gerfried Jungmeier (JOANNEUM RESEARCH, Austria)</i>
16:00	Biomass CHP – success stories, France <i>Marie Maud Gerard- ITEBE</i>
16:15	Biomass CHP – success stories, UK <i>Charlotte Bruton – TV Energy</i>
16:30	Biomass CHP – success stories, Slovenia <i>Nike Kranj- Slovenian Forestry Institute</i>
16:45	Conversation & Conclusions
