

**Presentation 4. Merzak Belkhojda, OTV SA – Veolia Water Sytems.**

Q: Mike Welch – do your process off gases contain CO and VOCs?

A: Only low levels are present.

Q: To operate at high pressures, you presumably use small pipework.

A: Yes, it is mainly 40-80, no larger.

Q: Do you employ a screen?

A: Yes, it is mainly used for fibre removal.
