

CRES GEOTHERMAL WORKSHOP

Development of Bilateral Relations in the Geothermal Energy Field - Workshop (EEA Grants 2009-14)

Tuesday, 12 September 2017

Aquamarina Hotel,
55-57 Poseidonos ave., 19005 Mati, Attika

PROGRAM

SESSION 1

9.00 - 9.05	Welcome address	V. Kilias	<i>General Manager</i>	Centre for Renewable Energy Sources and Saving
9.05 - 9.10	Welcome address	Jørn Eugene Gjelstad	<i>Ambassador</i>	Norwegian Embassy in Greece
9.10 - 9.15	Welcome address	N. Dandolou	<i>Head of the National Focal Point EEA Grants</i>	Ministry of Economy & Development
9.15 - 9.30	Activities for strengthening Bilateral Relations between Greece and Donors Countries in the Renewables Field	M. Damasiotis	<i>Director, Division of Development Programs</i>	Centre for Renewable Energy Sources and Saving
9.30 - 9.45	EEA 2009-14 / GR03 Results, Activities & Geothermal Projects	K. Patlitzianas	<i>Technical Coordinator, Department of Development Project Applications</i>	Centre for Renewable Energy Sources and Saving
9.45 - 10.00	Smart Energy Networks – Geothermal District Cooling – Example of New Ionia	M. Vrachopoulos	<i>Professor</i>	Technological Educational Institute of Sterea Ellada
10.00 - 10.15	Energy use in Norway and status of GHP and UTES	K. Midttomme	<i>Norwegian Center for Geothermal Energy Research</i>	Christian Michelsen Research
10.15 - 10.30	Geothermal Heating in Educational Building of Grevena - Western Mecedonia under the EEA Grants	D. Mavromatidis	<i>Project Manager</i>	Region of Western Macedonia
10.30 - 10.45	Coffee Break			

SESSION 2

10.45 - 11.00	Power generation prospects in Greece	E. Spyridonos	<i>Geothermal Power Department</i>	PPC Renewables
11.00 - 11.15	Exploitation of low enthalpy geothermal resources in Greece	A. Arvanitis	<i>Member of the EFG Panel of Experts on Geothermal Energy</i>	
11.15 - 11.30	Innovative GSHP system at the bioclimatic office building of CRES	D. Mendrinos	<i>Geothermal Energy Department</i>	Centre for Renewable Energy Sources and Saving
11.30 - 11.45	Geothermal Applications from Bilateral and Multilateral Cooperation Programmes (GALET, SYNERGEIN, GATE)	N. Stefanakis	<i>Department of Development Project Applications</i>	Centre for Renewable Energy Sources and Saving
11.45 - 12.00	Geothermal Heat Pumps of Peak Technology and High Efficiency: GEOPEAK project	A. Benou	<i>Geothermal Energy Department</i>	Centre for Renewable Energy Sources and Saving
12.00 - 12.15	Thermal Energy Storage Systems for Energy Efficient Buildings: TESSe2b project	O. Polyzou	<i>Geothermal Energy Department</i>	Centre for Renewable Energy Sources and Saving
12.15 - 12.30	Social aspects of geothermal development	S. Karytsas	<i>Geothermal Energy Department</i>	Centre for Renewable Energy Sources and Saving

SESSION 3

12.30- 13.00	Open Discussion			ALL PARTICIPANTS
13.00 -	Lunch
