

About Brussels

Brussels is known as Europe's political capital and host of many European institutions. Brussels is also one of the leading business centres of the world and is located in the heart of a unified market with more than 450 million people.

European Capital

Brussels owes its worldwide reputation to the presence of the European Union and several other international institutions. It is officially recognized as the European capital and the seat of the political decision making boards of the EU:

- » European Parliament
- » European Council
- » European Commission
- » Committee of the Regions
- » European Economic and Social Committee

1.400 international organisations, such as NATO have chosen Brussels as their head-quarter.

About AEBIOM

The European Biomass Association is a non profit Brussels based international organisation founded in 1990 whose mission is to represent bioenergy at the EU level.

The main goal of AEBIOM is to promote the production of biomass as well as its energy application throughout Europe. AEBIOM is spreading

a message that a wider use of biomass will bring tangible benefits in the fields of energy, materials, agriculture, forestry, environment and employment.

The AEBIOM Members

33 national associations representing more than 4,000 members: ABA - Austria, ValBiom - Belgium, BGBIOM & EUBA - Bulgaria, CBA - Croatia, CZBIOM - Czech Rep., DANBIO - Denmark, EBA - Estonia, FINBIO - Finland, FBE & ITEBE - France, BBE & CARMEN - Germany, HellaBiom - Greece, ITABIA & AIEL & STBA - Italy, IrBEA - Ireland, LATbioNRG - Latvia, LITBIOMA - Lithuania, NLBEA - Netherlands, NOBIO - Norway, CEBIO - Portugal, RBA - Russia, SERBIO - Serbia, SKBIOM - Slovak Rep., SLOBIOM - Slovenia, ADABE & AVEBIOM - Spain, SVEBIO - Sweden, REA - UK. 69 companies are also direct AEBIOM members.

AEBIOM European Bioenergy Conference & RENEXPO® Bioenergy EUROPE

Centre of Europe

A Centre of Diplomacy

Beside New York, there is no other city worldwide with more diplomats as Brussels. About 3,800 diplomats are accredited here.

A Centre of the World Press

At the EU institutes in Brussels, about 1,000 journalists are accredited. They report for hundreds of press agencies, TV channels, radio stations and newspapers.

European Decision Board

Thousands of lobby agencies, chambers, non-governmental organisations (NGOs) and consultancies allow for numerous important decisions to be made in Brussels. More than 200 European regions support their agents in Brussels.

2nd Place for Principal Centre for Conferences

Brussels takes 2nd place worldwide according to the Union of International Organisations, in regards to the organisation of international conferences.

About REECO

The organizer REECO GmbH is part of the REECO Group with its headquarters in Germany and subsidiaries in Adelaide/Australia, Arad/Rumania, Budapest/Hungary and Salzburg/Austria. Since 1997, about 50,000 experts from 70 countries have been

attending the trade fairs and conferences organized by REECO. REECO also acts as the foreign agent for international trade fairs, for example, in (South-East) Europe, Asia and South America.

Bioenergy Markets for Europe

"The renewable energy directive has set ambitious objectives for 2020 for each member state. Bioenergy, which represents 2/3 of renewables is expected to play a key role and its use should treble in the coming 10 years. All markets for heating/cooling, electricity and biofuels for transport are expected to rise significantly. Improved framework conditions and support schemes will create new bioenergy market opportunities, both for small and large companies."

Heinz Kopetz
President of AEBIOM

AEBIOM European Bioenergy Conference

What are the Objectives of the Conference ?

- » Provide a platform for market actors to exchange ideas and information
- » Discussion forum for policy makers
- » Update on ongoing EU legislation
- » Overview of bioenergy market developments
- » State of the national Renewable Energy Action Plans
- » Connect with the tradeshow RENEXPO® Bio-energy Europe

How to ask for a Sponsorship Package?

The conference offers sponsorship packages.

Please contact info@aebiom.org

Which Issues are Covered in the Programme ?

- » EU legislation of the new commission and new parliament
- » National renewable energy action plans
- » Sustainability criteria for biofuels and biomass
- » Biomass supply
- » Market developments: biogas, small scale heat, electricity, biofuels, district heating

RENEXPO® Bioenergy EUROPE Exhibition

What are Your Advantages as an Exhibitor?

- » Meet Europe's decision makers in Europe's capital
- » Acquire new European business contacts
- » Maintain existing customers
- » Get an overview of bioenergy market developments
- » Optimize your image in a European context
- » AEBIOM Conference and RENEXPO® exhibition under one roof

How to ask for a Sponsorship Package?

The exhibition offers sponsorship packages.

Don't Miss the Train

The unique concept of the event, together with clearly defined goals at the ultimate location in Europe and the cooperation of two experienced European partners are the guaranty for the success of the new, trend setting, European bioenergy Platform.

Johann-Georg Röhms
CEO REECO Group

"Bioenergy Markets for Europe" is the slogan under which the exhibition and conference will be organised annually in Europe's capital - Brussels. This refers to all companies, organisations and institutes that want to participate in the rapid growth of the European bioenergy markets. The European Biomass Association and the REECO Group, both with long experience in organising international events in this sector and which possess a strong network, are the joint hosts.

Who Should Attend ?

300 participants are expected, including:

- » Bioenergy industry (electricity, heat and biofuels)
- » Energy regulators
- » Financial institutions
- » Trade associations and consultancies
- » EU institutions
- » National policy/decision makers

Evening Reception

For trade fair exhibitors, conference participants, speakers, partners and co-organisers an evening reception after April 28th will be organised.
